The 2022 Annual Town Report is dedicated to Gordon "Alan" Lowe, Jr.

November 23, 1940 - December 24, 2021

Alan lived in Randolph his entire life. He served Randolph in many ways during that time.

For 62 years he drove our children safely back and forth to school. He worked at the family business, Lowe's Service Station and from his post there kept an eye and ear out for the safety of many in our community, checking on them if he hadn't heard from or seen them in a while. In 1989, he became the Randolph police chief, patrolling the town by car in the summer and by snowmobile in the winter. He was at every town event directing traffic and keeping things running smoothly.

At the Randolph Mountain Club Annual Picnic Alan could be counted on to drive the elders of our community up the bumpy path to Mossy Glen when they could no longer make the hike. He and his family have kept up the longstanding Randolph event of The Dance around the Pumps.

We will miss his bright smile and ever-present sense of humor.

15. To see if the town will vote to raise and appropriate $5,000 and place in the **Expendable Trust for Town Recreation Facilities**. *(The Selectmen Recommend Passage of This Article.)*

16. To see if the town will vote to raise and appropriate the sum of $3,000 for the purpose of supporting the **Family Resource Center at Gorham**. (Placed on the Warrant by the petition of 16 Randolph residents.) *(The Selectmen Recommend the Passage of this Article.)*

17. To see if the town will vote to raise and appropriate the sum of $3,500 for the purpose of supporting the **Gorham Community Learning Center in Gorham**. *(Placed on the Warrant by the petition of 15 Randolph residents.) (The Selectmen Recommend the Passage of this Article.)*

18. To see if the Town will vote to establish a Solar Energy Capital Reserve Fund for the purpose of constructing and maintaining solar arrays to offset municipal electricity cost and appropriate the sum of $20,000 to be placed in this fund, and to appoint the Select Board as agents to expend from the Solar Energy Capital Reserve Fund. *(Placed on the Warrant by the petition of 15 Randolph residents.) (The Selectmen Do Not Recommend the Passage of this Article, due to language of article.)*

19. To see if the Town will vote to designate as Town Forest land four parcels of land located in the Towns of Randolph and Gorham in the County of Coos, New Hampshire, containing, in total, 244.74 acres, more or less, described in detail in the Warranty Deed to the Town of Randolph signed by Robert Potter and Roberta Arbree on October 18, 2021, said parcels being located on Lot 1, Range 3 in Randolph (formerly designated on the Randolph Tax Map as R-16 Lot 10;) Lot 54 of the Gorham Tax Map R3 Lot 8; and Lot 2, Range 3 in Randolph both north and south of the former Boston & Maine Railroad line and south of the Pinkham B Road. The land remains subject to a conservation easement granted by the owners to NH Fish & Game in 2006.

20. Transact any additional business that may legally come before this meeting.

A True Copy…Attest

BOARD OF SELECTMEN:

Michele Cormier, Co-Chairman

John W. Turner

Lauren Bradley, Co-Chairman

Official Ballot

Land-Use Ordinance Amendment

Randolph Town Election-March 8, 2022

To see if the Town will vote to adopt the amendment to the town zoning ordinance (Land Use Ordinance) as proposed by the Planning Board as follows:

> The proposed amendment would add language to Section 6.04 PERMANENT AND TEMPORARY RESIDENCES to address tiny homes on wheels in the same manner as campers and recreational vehicles subject to compliance with applicable health and safety codes. In Article III DEFINITIONS, the definition of "Structure" would be revised to remove a conflicting sentence regarding trailers, and the definitions of "Dwelling" and "Manufactured Housing" would be revised to make clear that tiny homes on wheels are not included in either term.

YES _____ **NO**_____

Selectmen's Report 2021

For the first time in recent memory, Town Meeting was held at the Municipal Building on June 1. Voting and elections took place on the usual second Tuesday of March at Town Hall. Because of Covid concerns, it was agreed to postpone the Town Meeting session until warmer weather and use the Municipal Building which would provide better ventilation. All in attendance wore masks and the meeting proceeded normally. The Town of Randolph is continuing to keep in place a mask mandate for everyone attending events or meetings inside town buildings.

A Request for Proposals was sent to a number of engineering firms to complete the planning for the repairs to Durand Road. CMA, Inc was chosen and they are finalizing their plans following the Selectman's direction of a phased project. We hope to have a final plan soon, to present this at a public meeting to the taxpayers in 2022 and secure financing so the project can be voted on at Town Meeting in March, 2023.

Randolph Hill Road received its final top coat of pavement in 2020, and the edges were finished in 2021.

In an on-going building maintenance schedule, the old library was painted this last summer and the Town Hall porches and entries were finished. New energy efficient lights have been installed at the town garage.

The Police Study Committee which was established at Town Meeting in 2020 was given their charge and began their work this summer. A public meeting was held in November with a local state trooper in attendance to provide information to attendees. The committee is continuing its work and we hope to have a final report and recommendation from them in 2022.

The town has purchased "911" signs for each residence in town and our road agent is in the process of installing a delineator and the sign for each driveway. Many townspeople have homemade signs, which we hope you continue to use, but these 911 signs are reflective to aid fire and ambulance in locating addresses in the case of emergency.

Our fire department hosted a special training in October for Incident Command Structure. Eight people attended. This is the universal command structure used by search and rescue and in all accident, fire and emergency situations.

Federal money was made available to the town to support the expansion of internet in under-served communities. In order to determine the needs, a committee headed by Kathleen Kelley created a survey which was circulated to all town property owners. She continues to work on this project for Randolph and with the North Country communities who have chosen to cooperate in the process.

Thanks to the Cross New Hampshire Adventure Trail, a group which supports bicycling from Vermont to Maine and utilizes the Presidential Rail trail in Randolph, a portable toilet was donated for the summer use and was located near the crossing of Pinkham B Road at the Municipal Building.

Selectmen's Report 2021

We gratefully thank Bob Potter and Roberta Arbree and John and Mary Berry for the generous gifts of conservation land to the town that were completed in 2021/22.

Another big thank you goes to Bill and Barbara Arnold who have been keeping an eye on the Trailhead Parking lot at the end of Randolph Hill Road. Bill keeps the parking spaces open in winter and they both have provided informational signs to control ski season use.

Respectfully Submitted,

Board of Selectmen

Michele Cormier, Co-chair

Lauren Bradley, Co-chair

John W Turner

Auditors' Report

This is to certify that on June 1, 2021 we completed an examination of the books, vouchers, bank statements and other financial records of the Tax Collector, Town Clerk, Treasurer, Selectmen, Trustees of Trust Funds, Library Trustees, Conservation Commission and Forest Commission for the fiscal year ending December 31, 2020 and found them to be correct and in order.

Respectfully submitted:

Cecile Mather Philip Guiser

Motion to accept by Ken Lee; 2nd by Walter Graff Majority **YES**

15. To see if the town will vote to raise and appropriate $10,000 and place in the **Fire Equipment and Protection Expendable Trust Fund.** *(The Selectmen Recommend Passage of This Article.)*

Motion to accept by Ken Lee; 2nd by Dwight Bradley Majority **YES**

16. To see if the town will vote to raise and appropriate $5,000 and place in the **Expendable Trust for Town Recreation Facilities**. *(The Selectmen Recommend Passage of This Article.)*

Motion to accept by Barbara Arnold; 2nd by John McDowell Majority **YES**

17. To see if the town will vote to raise and appropriate the sum of $3,000 for the purpose of supporting the **Family Resource Center at Gorham**. (Placed on the Warrant by the petition of 15 Randolph residents.) *(The Selectmen Recommend the Passage of this Article.)*

Motion to accept by Guy Stever; 2nd by Ted Wier Majority **YES**

18. To see if the town will vote to raise and appropriate the sum of $3,500 for the purpose of supporting the **Gorham Community Learning Center in Gorham**. *(Placed on the Warrant by the petition of 15 Randolph residents.) (The Selectmen Recommend the Passage of this Article.)*

Motion to accept by Cathy McDowell; 2nd Susan Ellis Majority **YES**

19. To see if the town will vote to discontinue completely a portion of Durand Road, formerly known as Old US Route 2 per RSA 231:43. The portion to be discontinued completely, currently a part of a Class VI public highway, is described as follows:

Beginning at a point at the centerline of Durand Road, GPS 44.361567 – 71.337258 at the piles of dirt WSW to the end approximately 168.63 ft more or less, GPS 44.361452 – 71.337419, between the properties Map U8 Lot 12 currently owned by Charles Lowe Jr. and Map U8 Lot 5 currently owned by James Batchelder. (The Selectmen Recommend Passage of This Article.)

Motion to Table by Charles Lowe JR; 2nd Tammy Towle Majority **YES**

20. To see if the town will vote to designate as Town Forest land a certain parcel of land containing 102.2 acres, situated on the north side of the Durand Road, within the Town of Randolph, New Hampshire, described as R-11, Lot 13 on the relevant tax map, if and when such parcel shall become the property of the Town through a generous donation of John and Mary Berry.

Motion to accept by Walter Graff; 2nd by Kevin Rousseau Majority **YES**

21. Transact any additional business that may legally come before this meeting.

Lauren Bradley announced she would not run for selectmen next year.

Edith Tucker stated that it had been a very difficult and filled with many changes. She wanted to thank the town for their dedication and being able to stay on top of all the

necessary changes that were required.

Matthew Benjamin asked if the town knew what the economic future of the town was. He questioned some of the town's regulations and would the town benefit more from encouraging people to build farms rather than add more land to the Town Forest? It was suggested that he attend the various town board meetings to learn more and to contribute.

Meeting closed at 6:30 pm

2021 Library Annual Report

It was a full year of trying to operate during the continued Covid 19 pandemic. The library reopened for in-person use on February 15, 2021 with several Covid protocols in place, including 3 air purifiers, masks, hand sanitizer, a plexiglass shield, and self-checkout. Curbside pickup was offered throughout and continues as an option for anyone who is unable to come during regular operating hours.

While indoor, in-person programs did not resume, several opportunities were provided either as take-home projects, virtually via Zoom, or outdoors weather permitting. Programs included a Children's Reading Challenge, the "When will the Seven Break?" Contest, a Tour of the Town for kids & their grownups with stops at the Library for a puppet show, the Town Garage to meet the Randolph Firefighters and check out the fire trucks, and a visit to Durand Lake for a wildlife expedition. The collaboration of the Great North Woods Libraries (Berlin, Gorham, Randolph and White Mountains Community College) offered 4 virtual programs via Zoom.

The children's summer reading program *Tales & Tails* ran for six weeks during July and August. Adams the Alligator was our mascot and welcomed kids to the garden area in front of the library. The Annual Book and Bake sale resumed at two locations over two days, July 24 & 25. Paul Cormier ran a Map & Compass training prior to our

community read book discussion of The Last Traverse by

Ty Gagne, followed by a live discussion with the author. Outdoor programming ended with two fall programs, apple cider pressing & tasting, and our first ever movie night under the stars.

Library operation continued as usual with many new books and DVDs added to the collection, along with interlibrary loans, downloadable eBooks and audiobooks, and wi-fi availability. Monthly virtual Library Director's meetings continued with the NH State Librarians.

In June, the Randolph Library was awarded an American Rescue Plan Act (ARPA) grant in the amount of $2,709.00. The monies were used to begin the process of digitization of historical materials, and materials to help promote school readiness. An old display cabinet from the original Lowe's Store on Durand Road was purchased and restored to its original condition and now resides in the White Mountain Room awaiting treasures from Randolph's past. Randolph residents are encouraged to visit the library and take advantage of the wide range of new materials.

Once again, it has been a pleasure to serve as your Town Librarian, along with the fine group of people who make up the Board of Trustees and the Friends of the Randolph Public Library. This is a group effort. Coming to work in a space shared with other Town officers and employees, including the Select Board, Town Clerk, Road Agent, Custodian, and Assistant to the Select Board, Linda Dupont is a real pleasure.

Respectfully submitted,
Yvonne Jenkins, Librarian

2021 Randolph Police Report

I wish to thank residents for calling the Police line reporting cars, trucks and other suspicious activities. It is important to report to the local police questionable activities, so they may be investigated.

When going away, please make sure to have a neighbor or caretaker check on your property. Let the police department know you will be away and provide the contact information of the person watching your property. Police patrols pick up unknown tracks into properties and this can be easily verified if we have the contact information on file.

We appreciate the efforts of Troop F and Gorham PD for their support and help throughout the year in responding and aiding when needed.

Especially in summer with the apprehension of the thieves of the catalytic converters on US Route 2 at trails parking and the apprehension of the person that stole a truck in Gorham and was found in Randolph where the person was going through vehicles and buildings.

Randolph Fire Department
2021 Report

The Randolph Fire Department had a quiet year in 2021. There were no major fires in Randolph. The majority of the department's calls continue to be for assisting the ambulance at motor vehicle accidents. This year we assisted the Town of Gorham twice through mutual aid. We continue to be a member of the North Pac Mutual Aid System, which is a system where we can call other fire departments from this group to assist Randolph when needed.

The fire department was unable to do our firehouse pancake breakfast in August. Concerns for COVID were the primary concern of the department. We hope to be able to resume the breakfast in 2022.

The department also continues to hold a Santa ride along which is a visit from Santa in the fire truck with a special gift. The library continues to support our ride along by providing a book for each child. This has become a tradition that we all look forward to.

The fire department has one retirement this year. We say goodbye to Dwight Bradly and thank him for his years of service. We wish him well in his retirement. As in the past, we are always looking for people to join the Randolph Fire Department. We continue to seek men and woman over the age of 18 who are interested in helping in any way.

Again, I would like to thank the members for their continued support and dedication to the town and their department.

As a reminder, the town has chimney brushes which are available for use by anyone in town and can be obtained at the fire department. Another important safety tip for all homes is to remember to change the batteries in your smoke detector or needs to replace one that is over ten years old, feel free to contact a member of the fire department. Batteries are also available for the detectors if needed. Another good investment for your home is the purchase of a carbon monoxide detector.

Have a fire safe year in 2022.

Respectfully submitted,

Dana Horne, Randolph Fire Chief

Report of Forest Fire Warden and State Forest Ranger

Despite a brief flurry of wildfire activity across the state this spring, the summer and fall months saw weather conditions which kept the fire danger consistently at low levels. Your local fire departments and the Division of Forests & Lands worked throughout the year to protect homes and the forests. The statewide system of 16 fire lookout towers continues to operate on high fire danger days. The towers' fire detection efforts are supplemented by the NH Civil Air Patrol when the fire danger is especially high.

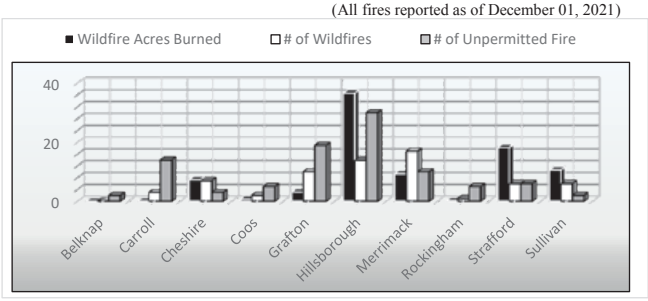
Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Every year New Hampshire sees fires which threaten or destroy structures, a constant reminder that wildfires burn more than just trees. Homeowners should take measures to prevent a wildfire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

The long lasting drought effects in Coos County are showing some minor signs of improvement but a good portion of northern Coos remains in the abnormally dry category with the northeastern portion still remaining in moderate drought. While the drought conditions have improved, we expect some areas of the state may still be experiencing abnormally dry or drought conditions this spring. For this reason, we ask everyone to remember Smokey's message about personal responsibility and follow his ABC's: **A**lways **B**e **C**areful with fire. If you start a fire, put it out when you are done. "**Remember, Only You Can Prevent Wildfires!"**

As we prepare for the 2022 fire season, please remember to contact your local Forest Fire Warden or Fire Department to determine if a fire permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. Fire permits are also available online in most towns and may be obtained by visiting www.NHfirepermit.com. The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services (DES). You are encouraged to contact the local fire department for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire's forest resources. For more information, please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nh.gov/nhdfl/. For up to date information, follow us on Twitter and Instagram: **@NHForestRangers**

2021 WILDLAND FIRE STATISTICS

(All fires reported as of December 01, 2021)



*Unpermitted fires which escape control are considered Wildfires.

Randolph Conservation Commission

2021 Annual Report

The Randolph Conservation Commission is responsible for the proper utilization and protection of natural resources, including watershed resources of the Town. The commission conducts research, obtains information, and takes appropriate action to ensure the protection and safe utilization of such resources as required by RSA 36-A:2.

During 2021 in addition to matters routinely referred to the Commission as required by law-for example matters concerning land development, protection of wetlands, and water courses-the Commission met to accept the donation of 102 acres of land from John and Mary Berry and 244 acres of land from Bob Potter and Roberta Arbree to the Town of Randolph. Both parcels are to be added to the Randolph Community Forest.

The Conservation Commission received a generous donation of money from an anonymous donor who encourages others to donate as well. This money will be used by conservation members to defray costs of attending seminars and educational programs and is very much appreciated.

During 2022 the Commission will continue carrying out its mission responsibly and effectively doing its part to protect the land, water resources, and the residents of Randolph. We are all hoping this new year will bring renewed spirit to the country and the world, and that we may return to some semblance of normal soon.

Respectfully submitted,

Gary Newfield, Chairman Conservation Commission

Nathan Peters, Walter Graff, Jen Barton-Scarinza

Cemetery Commission
2021 Report

The Cemetery Commission held two meetings this year. We went over various rules and voted to clarify two of them:

- It is the responsibility of the lot owners to pay for and correctly install granite corner markers on their plots.
- Plots are available at the Randolph Hill Cemetery for $500. Contact a Cemetery Commission member for available locations and further information.
- Durand Road Cemetery has no lots available.

The Commission was contacted by Laura Scheff who is interested in cleaning veterans' grave stones. She had cleaned two stones on her own, prior to the meeting, and the Commission asked her to stop. At the request of family members, a policy was established years ago to allow the stones to age naturally. Families who are interested in using the procedure on their own are encouraged to contact Laura directly at 407-399-6446. She will be glad to give information on the non-toxic D/2 solution for cleaning. *Neither the Commission nor the Town will be responsible for the cleaning or any damage that may occur during cleaning.*

Laura Scheff also gave the Commission information about Wreaths Across America who provide wreaths for veterans' stones at Christmas.

The Commission has contracted with Nicoletti Memorials to do repairs to several older stones in the Durand Road Cemetery. Brush was cleared around the perimeter of the Durand Road Cemetery and trash collected from the surrounding woods. Please routinely collect any artificial decorations/containers and dispose of them properly, DO NOT TOSS ANY INTO THE WOODS. Also, do not use any glass as it is a hazard to mowers.

If you have any questions concerning either cemetery, please contact any member of the Commission directly.

Respectfully submitted by,

Bill Arnold
Ray Aube
Susie Santos

Forest Commission 2021 Report

This past year saw the Randolph Community Forest grow by 346.97 acres through two generous donations of land by Mary and John Berry and Roberta Arbree and Robert Potter.

The Berry donation consists of 102.2 acres of primarily northern hardwood forest located on the north side of Durand Road just west of the Randolph Town Hall and northward encompassing part of the Carlton Brook watershed. An old logging road which accesses this parcel from the Durand Road has been maintained over the years by annual mowing. It is a popular winter cross country skiing and snowshoe trail, connecting the valley with the many hiking trails on Randolph Hill.

The Potter-Arbree donation consists of 244.74 acres protecting both banks of the Moose River just east of the Randolph Town Garage. Access to this parcel can be had from US Rt. 2, the Dolly Copp Road, and the Presidential Rail Trail. This parcel is a mixed spruce-hardwood stand and prior to being purchased by Robert Potter and Roberta Arbree portions of this land was owned as commercial timberland and part of the land was used by previous local families as farmland. This land is protected by a conservation easement held by the New Hampshire Fish and Game Department and contains a known Paleo-Indian site. Evidence suggests that this site was utilized approximately11,500 years ago by Native American caribou hunters as they travelled east/west along the Moose River corridor.

It is hard to overstate the importance of both of these generous donations and additions to the Randolph Community Forest. All we can do is give a heartfelt thank you to the Berrys and the Potters for their generosity and vision in ensuring that these lands and the important features for which they protect will be available for future generations to enjoy and appreciate in perpetuity. During the next year or two, management plans for both parcels will be created and made a part of the overall Stewardship Plan of the Randolph Community Forest.

At the Farrar Farm site, an old chicken house which was falling down was removed from the landscape and taken to the landfill in Berlin, after all materials containing asbestos were properly disposed of.

And in our annual maintenance projects on the forest, approx. 5 miles of forest boundary lines were re-painted and blazed as necessary, and all wildlife openings were mowed. In the area of the road system at the Bowman Divide, all forest access roads were cleared back with a boom mower as part of a three-year mowing cycle with the forest roads in and around Randolph Hill being next on the mowing schedule for 2022.

One of the major priorities of the management of the Community Forest is the improvement of our wildlife and water resources. In support of that mandate, this past fall a brontosaurus was brought in to complete an apple tree release project on the trail which leads to Rollo Fall. By removing the competing trees and large vegetation around the existing wild apple trees in the area with the brontosaurus, more sunlight will penetrate to the apple trees providing for improved growth of the existing trees. More sunlight will also lead to a significant increase in the number of apples grown which will provide an important natural food source for bear, deer, turkeys, ruffed grouse, and other wildlife species which depend on wild apples for an important fall food source.

Forest Commission 2021 Report

In the Pond of Safety Valley, it has been a wildlife management goal to re-establish the softwood stands which traditionally occurred in this region but were cut and removed during the 1950s when the Brown Paper Company was using a softwood wood fiber mix in its paper making process. Old sportsman and records tell of this area being an important deer yard where deer would migrate to during the winter to seek out the safety of these softwood stands and to find protection from the deep winter snows and below zero temperatures that occur during the depths of our traditional North Country winters. In the late 19th and early 20th centuries, men from Randolph would travel into these deer yards during the deep snows of winter in order to procure an important supply of meat, and it is not by accident that even today RMC maps designate the trailless notch in the Crescent Range between Mt. Crescent and Black Crescent Mountain as "Hunters' Pass".

Even though these important softwood stands were cut down in the 1950s and hardwood species sprang up in the softwoods' place, the soils in this region are more suited to the growing of non-deciduous trees. That being the case, and in an effort to help nature come back into balance, a brontosaurus was used to mow down several wildlife openings which had been cut approx. 10 years ago and were seeing very poor regeneration due to the new hardwood seedlings being heavily grazed by moose. Because the regeneration in this area was so poor, it was decided to start over by mowing these areas back to the ground and in the process guide the new generation of trees to favor the original softwood stands the soils would prefer to support. This summer these areas will be scarified to disturb the soil and allow the new seed direct contact with the ground. After the first snow this coming fall, a softwood seed mix will be spread over the newly scarified soil. By waiting until the first snow, it will help prevent birds from eating the new seed, and as frost makes cracks in the soil, come spring the new seeds will essentially plant themselves as they fall into these frost cracks during the spring snowmelt.

In a final wildlife project for this year, and while the brontosaurus was in town, several 3-to-4-acre wildlife openings were mowed along the Community Forest Road just to the north of the Randolph Hill Road. These wildlife openings will provide important open space for birds that feed on insects, for woodcock and ruffed grouse to breed and raise their young, and to provide newly established young sapling growth which is attractive to snowshoe hares and other rodents. This then attracts fox, bobcats, hawks, owls, and other predator species who feed on these important food sources, all promoting for a healthy eco-system on the Community Forest.

In August at the annual Forest Tour, this year's presentation by seasonal resident David Forsyth was "Birds of the Randolph Town Forest". For those of you who were able to attend, this was a fabulous discussion of the many and varied birds who call the Randolph Community Forest their home. For those who were unable to attend, be sure to take an opportunity to see this presentation if it is offered again in the future.

Speaking of birds, Anne and David Forsyth have been very busy the past several years documenting birds in Randolph, and more specifically at the Farrar Farm site on the RCF. The Farrar Farm site south of Rt. 2 is now a documented "bird hotspot". In 2019 as this hotspot was first being identified and created, the Forsyths reported 54 different species of birds having been observed in this single location. During the summer of 2021 that number had grown to #99 (an

American kestrel) and # 100 (a Horned Lark.) Who would have imagined that 100 different birds could be identified as either living in or stopping by for a visit on the RCF?

And in other work on the Forest, a small timber harvest on the north side of Rt. 2 behind the old Farrar Farm is being completed. The purpose of this harvest is to remove white ash, yellow and white birch and other hardwood tree species which have reached maturity and are starting to decline. Some softwood trees which are also in a state of decline are being removed as well. This will allow the remaining good quality stems to have increased access to sunlight and increased growth opportunities in the future.

The Randolph Forest Commission meets on the first Wednesday of each month at 7pm at the Randolph Town Hall. The public is invited to attend.

Respectfully Submitted,

The Randolph Forest Commission
John Scarinza, Chairman

Planning Board 2021 Report

This past year the board worked on updating the town's Site Plan regulations. Many of the proposed updates were in keeping with changes in state law and to ensure our site plan regulations are consistent with recent changes to the updated subdivision regulations and the town's land use ordinance. As part of the Site Plan Review updates, the board added an opportunity for minor site plan review of smaller projects to streamline the review of small commercial projects. The board also approved best management practice standards for storm water management, and updated the outdoor lighting and road construction standards for the town. In January, after considering the public comments received at the public hearing, the board approved the amended Site Plan Review regulations.

In February, the Board attended to its annual duties of holding a public hearing to review and approve the budget for the Community Forest. After presentation of the proposed budget and accepting public comments, the board approved the proposed Forest Commission's budget as presented.

During the summer, the board reviewed a proposed 8 lot subdivision by Mike and Mandi Cote to subdivide a 57-acre parcel of land accessed from Rt. 2 at the very east end of town. The proposed project included construction of a 1200-foot access road and creating (6) 5 plus acre building lots and (2) 12 plus acre lots at the northern most part of the project. The board held a public hearing on July 29th to solicit public comments regarding the proposed Cote subdivision. The meeting had good attendance of the public and some good questions were asked as to how this proposed subdivision would fit within the general character of the town and what impact, if any, would this project have upon the Randolph Church property directly to the west. After considering the public questions and the answers as given by the developer, and ensuring that the project met all the requirements of the town's zoning and subdivision regulations, the board approved the plan as presented, with several conditions. Those conditions included posting a bond with the town to ensure the proper construction of the proposed road to town standards, and the approval of a driveway access permit from the State Department of Transportation to construct the proposed road access from US Rt. 2.

Later in the fall, and after discussions with the board of directors of the Randolph Church, Mike and Mandi Cote returned to the board to request approval of a minor lot line adjustment to their previously approved (8) lot subdivision to allow for a .76-acre parcel of land to be transferred to the Randolph Church. The addition of this parcel of property would allow for a greater buffer of the church property and the adjacent Cote subdivision. On December 29th a public hearing was held to accept public comments on this proposal. At the hearing, the board heard several positive comments and accepted a letter, all supporting the lot line adjustment as proposed. After considering all comments and determining that the lot line adjustment met the town's zoning and subdivision regulations, the proposed adjustment to the Cote sub-division was approved as presented.

In November, and as part of the town's planning for the Police Department needs of the future, the Planning Board hosted a public meeting to learn what resources the NH State Police could provide to the town. This meeting was well attended by over 25 residents and many good questions were asked and answered as to the ability of the State Police to assist in the law enforcement needs of

the community. This discussion, as well as others that will be held going forward, will be reported to the community in the future as part of a final report on the law enforcement needs of the town.

At this year's upcoming town meeting, the Planning Board is recommending passage of a single change to the town's Land Use Ordinance and a minor change to the definition of the term "Structure". The proposed amendment would add language to Section 6.04 PERMANENT AND TEMPORARY RESIDENCES to address tiny homes on wheels in the same manner as campers and recreational vehicles subject to compliance with applicable health and safety codes.

In Article III DEFINITIONS, the definition of "Structure" would be revised to remove a conflicting sentence regarding trailers, and the definitions of "Dwelling" and "Manufactured Housing" would be revised to make clear that tiny homes on wheels are not included in either term. The proposed amendment can be viewed at the Town Hall during regular business hours or on the Town's website at https://randolph.nh.gov/planning-board/. The Planning Board recommends passage of the amendments as proposed.

Planning board meetings are held the first Thursday of each month at 7pm and the public is welcome and encouraged to attend.

Respectfully Submitted, The Randolph Planning Board

John Scarinza, Chair
Robert Ross, Tim Mather, John Turner, Kevin Rousseau

2021 Police Study Committee

Just over two years ago, a Coos County inmate escaped from a Sheriff's Deputy on Rt 2 about halfway up Hodgdon Hill. Assisting with the eventual apprehension of the escapee were both of Randolph's actively participating certified police officers.

Once the dust had settled in this incident, and in taking some time to critique Randolph's response to this critical incident, this writer recommended to the Board of Selectmen that the time had come for the town to upgrade some of its police equipment which was sorely out of date or completely lacking altogether, and not in keeping with current law enforcement best practices and protocols.

I also alerted the board that in the future the town may need to be prepared to appropriate more money in its police budget if its desire was to maintain some minimum level of law enforcement services that the residents of town had come to expect over the years. Alternatively, the town could choose to abandon the over 60 years of home-grown organized police services and rely wholly on the State Police or contract with out-of-town agencies to provide basic police services.

I also explained to the Board that the good news was that Randolph currently had two certified police officers who were able to attend to the day to day minor calls for service, were available to assist with motor vehicle accident investigations as required, and were there to assist with fire and ambulance calls, thus saving the town thousands and thousands of dollars each year versus having to contract these services from others at approximately 5 times the hourly rate at which the current Randolph officers were being paid. That being the case, spending a minimum amount of money in the short term to upgrade such items as basic jackets to identify the Randolph officers to others as law enforcement personnel, ballistic vests to protect these officers when responding to hazardous calls and other bare minimum essentials was a very good value for the taxpayers as the larger discussion of what to do in the future was contemplated.

As a result of this original discussion with the Selectboard, and after a brief discussion at the 2020 town meeting, it was decided that the best course of action was to convene a police study committee to investigate the past and present law enforcement services in the town and recommend what might make the best sense for the town going forward. Considerations of what the costs might be for the taxpayers both in monetary terms and in terms of the quality of life and sense of safety and well-being would be considered.

At the time the study committee was recommended, it was decided that it was very important to include comments and suggestions from both the winter and summer residents, whereas both groups are important taxpayers, and all should have their thoughts and concerns heard as to the safety considerations for those who live and visit the town.

As the concept of a police study committee was agreed at the 2020 town meeting, it was my thought that certainly a good amount of work on this project could be completed by the following year. But, sometimes the best laid plans conflict with real life and within days of the March 2020 town meeting the entire country went into lock down as the result of the Covid-19 pandemic and all the restrictions to meeting in groups and the public that we all have lived with for the past two years went into effect. And while we all hoped that the pandemic would be over soon, as we all know it has continued as of the writing of this report with the summer surge of 2021, and the

2021 Police Study Committee

Omnicrom variant surge of late November, December and January 2022 as this report is being written.

That being said, and hoping to get things moving along, in November of 2021 the Planning Board hosted a public meeting for the purposes of hearing directly from the State Police the services it could reasonably provide to the town. A couple of quick notes from that meeting are:

- The State Police is always available and responsible to handle major criminal and motor vehicle investigations, i.e., homicides, sexual assaults, fatal motor vehicle crashes. etc.
- The State Police is NOT available to handle many of the minor calls for service that many towns would like to see assistance with such as minor criminal offenses, crimes to property, dog complaints, minor motor vehicle crashes, welfare checks, suspicious vehicles, general patrol etc.
- Even for important calls for service that would ultimately be handled by the State Police, response times to town can sometimes be significant, depending on the daily patrol coverage and current calls for service of the limited number of troopers who are assigned to patrol Coos County. An hour or more is not unusual and should be expected.

This meeting was well attended, but also occurred just as the Omnicrom variant was taking hold in the North Country. While everyone in the room was masked and trying to maintain a social distance, after the meeting several folks reported being uncomfortable meeting in public while the pandemic was still raging in the region, and it was clear that it was still too early to safely involve as many in the community as possible to complete a thoughtful and in-depth review of the future law enforcement needs for the town.

And while some have suggested "why don't you just meet on ZOOM, while that is certainly an option for meetings which must be held under any circumstance, and effective for folks who absolutely cannot attend in person, it also clearly limits having an open and vibrant discussion as can be had when everyone is in the same room, ideas can be thrown out on the table, ideas can be debated, etc. And whereas there is no pending emergency at all to do something in the short term in this instance, and whereas the current police department has and continues to function quite efficiently as it has in the past, the only prudent and safe thing to do was delay meetings in person of committee members and the public until such time that it can be done safely and comfortably for all those who choose to be involved.

All is not lost however, and as we wait for the pandemic to subside, folks can certainly think about what they would like to see for the future of their police department such as:

- Is it important to have a police officer in town who can respond to minor calls for service?
- What is the response time you are willing to endure if you are involved in a minor traffic accident, have suffered a dog bite, your mailbox got smashed, there is a strange car parked in the neighbor's yard and they seem to be packing items from the house into the vehicle?
- What is the response time you are willing to endure if you or your family is involved in a serious crime or other serious call for service?

2021 Police Study Committee

- If there is a minor motor vehicle crash on Rt. 2 and the Randolph volunteer fire department has responded, and the nearest trooper is coming from Colebrook, NH, is it important to have a Randolph police officer available to assist with this crash in a timely manner?
- Do the residents of town wish to have a police presence available to check on seasonal residences to ensure these buildings are secure and no break-ins have occurred?
- If you hear a window breaking at 2am, how long do you wish to wait until someone responds to check out what the emergency might be?
- How much money in the annual budget do you feel is appropriate for the police services that are important to you?
- Do we care if vehicles are travelling at excessive speeds on US Rt. 2? Or the Durand Road and Randolph Hill Road.?
- Do the residents of town wish to have the ability to call a local officer to conduct a welfare check on a loved one if they haven't been heard from lately?
- At what projected costs above and beyond what we are now paying will these police services cost?

And the list can go on and on with each of us having our own personal past experiences of what each of us feel is a reasonable and minimum law enforcement response and how that effects our feeling of safety and well-being in our daily lives in town.

It is anticipated that at least one or more public meetings will need to be facilitated to learn the answers to all these questions and more when the time is safe to gather in groups again. And for those who cannot attend or are out of town, perhaps a written survey of questions can be created to gather input from those folks also.

A quick factoid before I close this report. In 1977, the budget for the Randolph Police Department was increased on the floor of town meeting to $12,000. The proposed 2022 budget as it currently stands is $11,500.00, five hundred dollars less than it was 45 years ago.

The town has been fortunate over the past almost 50 years in maintaining a minimum amount of police services for an incredibly small amount of money. Unfortunately, as community needs change and existing law enforcement minimum standards and training requirements have expanded immensely, the practices of the past are going to be coming to an end and the costs to the community, even to just maintain the status quo are going increase dramatically. And with these thoughts in mind, the police study committee will do its best to put together a list of possible options and their associated costs based upon what the committee learns are the priorities of the residents and taxpayers of the town.

Respectfully submitted,
John K. Scarinza

ANDROSCOGGIN VALLEY REGIONAL REFUSE DISPOSAL DISTRICT

2021 ANNUAL REPORT OF DISTRICT ACTIVITIES

Our Materials Recycling Facility processed a total of 1,120.46 tons of materials, for the period January 1, 2021 through December 31, 2021, representing $206,981.34 of marketing income to the District. Recyclables shipped to market included: aluminum – 44.34 tons; newspaper/magazines – 68.45 tons; corrugated cardboard – 440.47; PET plastic – 82.42 tons; HDPE plastic – 42.79 tons; tin – 41.10 tons; mixed office paper – 42.98 tons. In addition, 358.87 tons of glass were processed for reuse.

Our Transfer Station recycling income totaled $71,772.24. Recycling at the Transfer Station consisted of 1,710.98 tons of wood that was processed through a grinder, 347.39 tons of scrap metal; batteries 4.9 tons; 235.48 tons of leaf and yard waste and 554.66 tons of brush which was chipped. In addition, 665 refrigerators/air conditioners; 151 propane tanks; 5,926 tires; 33,452 feet of fluorescent bulbs; 1,959 fluorescent U tubes and HID lamps; 1,067 ballasts and 51.7 tons of electronics were recycled. We also received 1,563 gallons of waste oil which was used in our waste oil furnace to heat the recycling center. The District owns and operates the Recycling Center and Transfer Station.

District Officers are: Chair Linda Cushman of Jefferson; Vice Chair Paul Grenier for the Coos County Unincorporated Places and Secretary-Treasurer Michael Rozek of Berlin. Other District Representatives: Yves Zornio of Gorham, John Turner of Randolph, Randy Fortin of Milan, Alan Rossetto of Northumberland, Rodney Monahan of Stark, Christopher Holt of Dummer and Scott Rineer of Errol.

The District conducted its twenty-nineth Household Hazardous Waste Collection Day on August 7th. The collection was held at the District Transfer Station with 321 households participating. The date of the 2022 Household Hazardous Waste Collection will be announced once we have received confirmation from the Hazardous Waste Collection company.

2021 was the nineteenth year of operations for the AVRRDD Mt. Carberry Landfill. Since purchasing the landfill in December 2002, no assessments have been made to the District municipalities for Mt. Carberry Landfill operations, with income raised through landfill tipping fees covering operating expenses. The landfill is operated, under contract with the District, by Cianbro Corp.

No assessments will be made to the member municipalities for the 2022 AVRRDD Budget.

MISSION: Building healthier families and stronger communities through positive relationships, programs and collaborations in the North Country of New Hampshire

The Family Resource Center at Gorham provides quality evidence-based programs for family success assisting all generations in the community. Programs that are preventive and work to reduce the potential of abuse and neglect in families as well as programs to reunify families effected by substance misuse and domestic violence. Home visiting services can be voluntary, building family strength and healthy outcomes. Families gain parenting education through gaining a better understanding of early child development, positive parent-child interaction and successful co-parenting.

Services for learning enrichment, social-emotional learning and youth activities are available to the local residents through the Resource Center and in 2020, we served over 240 families in Gorham, Randolph and Shelburne and 1,870 families in the region through our programs.

FRC Family SUCCESS quote:

"We found ways to improve our parenting and learn better communication with our kids by attending the support groups and classes offered at The Resource Center!"

This year we increased our workshops and support groups to help families during a challenging and on-going health crisis. FRC parent education programs work to prevent abuse and neglect and cover topics such as positive solutions for challenging behaviors, relative caregiving, dealing with substance misuse in families, financial literacy and anger management.

Also in 2021, FRC provided concrete supports to families in crisis. We were able to ease the burden from job losses and economic insecurity by creating connections for parents for housing, healthcare, food and financial relief that helped to stabilize local families. **We thank you for your support!**

the family resource center

123 Main Street Gorham NH 03581 603-466-5190

Melinda Fauteux
Director
Gorham Community Learning Center
123 Main Street
Gorham, NH 03581
(603) 466-5766

The Gorham Community Learning Center is dedicated to caring for and educating our students in a safe, comforting environment. A robust, play based programs are essential for educational success in young children as well as optimal social and emotional development. In addition, we use research-based curriculum to ensure that our children are receiving age appropriate and stimulating learning opportunities. We serve children from ages 6 weeks to 12 years old from Gorham, Randolph, Shelburne, and Berlin.

Highlights from 2021:

- We received grant money from the State of NH's Child Care Recovery and Stabilization Program (CCRSP) to help us support the financial burden that we have had to face due to Covid-19. This has allowed us to support additional staffing expenses, cleaning/safety supplies and program supplies.
    - With this opportunity we have also been able to provide free childcare to staff and not charge families due to Covid absences.
- We were fortunate enough during these difficult times to welcome two new staff members: Kayla Bisson and Alex Bisson. They have been excellent additions to our program.
- Three staff members have been working on completing The Child Development Associate (CDA) Credential. This is a widely recognized credential in early childhood education administered by the Council for Professional Development. The CDA Credential guides early child care professionals as they work toward becoming qualified teachers of young children. The Neil and Louise Tillotson Foundation made this opportunity possible.

North Country Council Regional Planning Commission and Economic Development District is one of nine regional planning commissions in New Hampshire established by RSA 36:46. The Commission's region consists of 50 communities and 25 unincorporated places in the northern third of New Hampshire. The Council serves in an advisory role to local governments in order to promote coordinated planning, orderly growth, efficient land use, transportation access, and environmental protection. The Council's professional staff provides transportation, land use, economic development, community and environmental planning services; geographic information services (GIS); data collection and analysis; grant writing; grant administration; facilitation; and project management. For additional information, please contact the staff or visit us at www.nccouncil.org.

In 2021 North Country Council undertook the following activities in the region:

Coordinated the Transportation Advisory Committee (TAC) and held six (6) meetings to discuss regional transportation issues and identify priority projects for funding opportunities.

Represented the transportation needs of the region in the Ten-Year Plan process, including participation in public hearings and promoting public input opportunities to the region's communities.

Continued the effort to develop and update the Regional Transportation Plan, which will identify the transportation-related needs, and opportunities of the region to support projects.

Supported the work of two Regional Coordinating Councils (Carroll County and Grafton-Coos) to promote coordination of transportation services for the region's residents, including facilitating six RCC meetings, updating service directories, and assisting with federal grant applications to support transportation services for senior and limited-mobility residents.

Supported the work of the North Country Scenic Byways Council (NCSBC) to steward and promote the region's many scenic and cultural byways, including facilitating two NCSBC meetings and developing a website to provide information on scenic touring along the byways. https://www.northcountrybyways.org/about

The Council participated in statewide efforts such as Statewide Bicycle and Pedestrian Plan, Alternative Transportation Planning, and the Mobility Management working group and provided input about our communities and needs to be incorporated in plans and considered.

Conducted over 150 state and local traffic counts throughout the region as part of the regional Transportation Data Collection Program.

Completed over 150 stream crossing assessments on a multi-year project in the Saco River watershed aimed at better understanding flood vulnerability and aquatic habitat barriers.

Developed Community Data Profile and several guidance documents.

Coordinated six (6) North Country Comprehensive Economic Development Strategy Committee meetings (CEDS) for the Economic Development District. The meetings focused on connecting pandemic resources into the region, learning about innovative strategies for recovery, and sharing regional information. The CEDS committee hosted six (6) presentations on housing, outdoor recreation, resiliency & recovery, environmentally friendly lighting, funders roundtable, and rural innovation redefined. The Committee reviewed and placed 3 projects on the CEDS Project Priority List.

The Council in collaboration with NH Housing Authority, and Stepwise Data completed the North Country Housing Needs Analysis. Which identified seven (7) key issues and nine (9) recommended strategies to meet our region's housing challenges based on recent data and the experiences of residents, businesses, and housing professionals in the region.

Launched a group effort with all nine (9) NH Regional Planning Commissions and the Office of Planning and Development to create a shared methodology and begin a coordinated update to each region's Housing Needs Assessment. The Assessments aid municipalities in complying with RSA 674:2, III(l), and will include an assessment of the need for housing for persons and families of all levels of income.

Represented the community and economic development needs of the region in discussions with state agencies and federal representatives to advocate for increased resources and programming to better meet needs and opportunities.

Continued to support North Country Rising, an initiative through the Council aimed at building up our region's community capitals focused on a collaborative approach to recovery and resiliency during the time of COVID.

Continued to implement the Regional Brownfields Program through funding from the United States Environmental Protection Agency (EPA). For more information on brownfields and the regional Brownfields Assessment.

Provided mapping and data services to communities throughout the region in support of project development and funding opportunities.

Responded to multiple requests for reviews of Development of Regional Impact, prepared comments corresponded with state and local officials.

Continued to assist Northern Border Regional Commission (NBRC) & State of NH Bureau of Economic Affairs (BEA) in providing development assistance to potential and awarded grantees. In 2021 the Council provided pre-project development coaching to over 20 potential NBRC grantees.

Provided technical support to communities relating to municipal land use regulations, best practices, and planning opportunities.

Continued to assist Coos County with the Coos County Broadband Committee as well as providing technical support to the Carroll County Broadband Committee

Collaborated with other Regional Planning Commissions through the NH Association of Regional Planning Commissions and Director meetings in Concord.

Supported efforts and attended the NH Planners Conference and NH Municipal Association Conference.

Bulk ordered and distributed New Hampshire Planning and Land Use Regulation books to local land use boards (estimated savings of $75.00 per book).

North Country Home Health & Hospice Agency

2021 Annual Report - Town of Randolph

North Country Home Health & Hospice Agency provides quality services that include Hospice, Home Health, Palliative, and Long-term care. Within these services we also provide nursing, rehabilitation, social services, and homemaking in 51 towns, covering all of Coos County and northern Grafton County and we've just expanded our territory south to Plymouth, NH. **In 2021, for the Town of Randolph, we provided Home Health services to 14 patients and cared for 5 patients on Hospice.**

Hospice Care focuses on quality of life and provides support to the patient and their caregivers in achieving their goals and wishes. Our compassionate team, made up of physicians, nurse practitioners, nurses, social workers, home health aides, spiritual counselors, and volunteers, work with the patient to achieve their goal. Services provided to the patient and their caregivers include: management of pain and symptoms, assisting patients with the emotional, spiritual and psychosocial aspects of dying, and provides needed medications, medical equipment and medical supplies. Also included is family/ caregiver education on the provision of care and short-term inpatient treatment for management of symptoms that cannot be managed in the home environment or is needed for caregiver respite. Bereavement counseling for surviving family members and friends is also provided. An individual electing hospice care is not giving up on living, rather, making the decision to focus on quality of life. Hospice care provides a high level of quality medical care with a different focus from the traditional medical model.

Home Health Care is critical to serving the growing health care needs of this community. Our skilled clinical team can monitor health problems and provide disease management within the comfort of the home setting, which helps prevent more costly health care such as hospitalization and long-term institutional care. Our focus is to get patients back to their baseline utilizing our nursing team and therapists. Over the past year the demand on the hospitals has been so great that we have functioned at a higher capacity in order to provide decompression for the hospitals to free up much needed beds. This has led to an increased acuity of Home Health patients that we have never experienced before.

Long-Term Care provides home health aide, homemaking and companion services to those who are unable to perform essential activities of daily living such as bathing, dressing, meal preparation and household tasks independently. The primary reason for these services is to support individuals who have physical, medical, or mental limitations and cannot perform these basic needs any longer on their own. These services play a critical role in assisting the elderly and disabled to remain in their own homes and to avoid re-admissions to the hospital and to prevent long-term institutionalization.

Our Palliative Care Program is a new program that started as a pilot in 2019. The program started with 5 patients and has grown to now include 65 active patients. Our Palliative Care program is primarily home based; meaning, that our APRN and Social Workers visit patients in their homes to discuss their serious illness, advanced care planning, code status, goals and wishes and most of all- what is important to them. The target patient is anyone with a serious illness, it does not have to be terminal like Hospice requires. The scope of patients is broad and we have found that Palliative Care services are much needed, especially in our service territories. NCHHHA provides Home Health services to patients that are recovering from an illness and are expected to get better and we provide Hospice services to patients with a terminal illness; but there is a gap in between these two programs and Palliative Care provides a bridge for the patients that have a serious illness, but are not ready for Hospice services yet.

North Country Home Health & Hospice Agency and our Board of Directors are extremely grateful to the Town of Randolph for its continued support of our agency. This allows us to fulfill our mission to provide services to all individuals regardless of their ability to pay. North Country Home Health & Hospice Agency is committed to providing services in Randolph to support clients and their families to remain in the comfort of their homes, in a safe and supportive environment, and to improve overall health outcomes in the community.

Respectfully,

Courtney Piana, Community Relations & Development Coordinator

TRI-COUNTY
COMMUNITY ACTION
Serving Coös, Carroll & Grafton Counties since 1965
Helping People. Changing Lives.

November 13, 2021

Town of Randolph

On behalf of Tri-County Community Action Program, Inc. (TCCAP), I would like to respectfully request funding in the amount of $725.00 to support the Tri-County Community Action Program, Inc., that include Fuel and Electrical Assistance, Weatherization, Transportation, Homeless Intervention and Prevention, Guardianship, RSVP and Service Link.

Tri County CAP is a Family of Programs, serving families in Coos, Carroll, and Grafton Counties. We are dedicated to improving the lives and well-being of New Hampshire's individuals, families, and communities. We provide opportunities and supports for people to learn and grow in self-sufficiency and to get involved in helping their neighbors and improving the conditions in their communities. We seek to eliminate the root causes of poverty through the development of programs that allow low-income individuals the opportunity to meaningfully participate in the State and National economy and the social fabric of their communities through programs that address: Education; Emergency Support; Economic Development; Food Self Sufficiency; Marshalling of Local Resources; and Transportation.

Tri County Community Action Program provides opportunities to strengthen communities by improving the lives of low to moderate income families and individuals.

Annually we serve more than 24,000 individuals that reside over 4,455 sq. miles of Northern New Hampshire. TCCAP and our 16 service programs provide services to all residents of Coos, Carroll, and Grafton County's requesting and needing support.

Tri County Community Action Program thanks all communities and counties that we serve for their financial support of the programs, so that we may be able to continue to provide services to our community families in need.

If you have any questions or comments regarding the funding request, I am available at the contact information listed below.

Respectfully,

Amy A. Goyette

Amy A. Goyette, NCRI
Strategic Initiatives and Projects Director
Tri County Community Action Program

Tri-County Community Action Program provides opportunities to strengthen communities by improving the lives of low to moderate income families and individuals.

STATE OF NEW HAMPSHIRE
Executive Council

JOSEPH D. KENNEY
EXECUTIVE COUNCILOR
DISTRICT ONE

STATE HOUSE ROOM 207
107 NORTH MAIN STREET
CONCORD, NH 03301
(603) 271-3632

As we wrap up the 2021 year and move onto 2022, we again find ourselves in a COVID-19 environment and the appearance of a new virus strain called Omicron. Our Governor, Commissioners and Executive Council have continued to support the necessary resources to assist public health in combatting the pandemic: vaccines, vaccine sites, testing kits, health care workforce and stipends. We have lost loved ones, key members of our communities, but we continue to press forward with our best efforts and thank the people who are on the front lines.

While much of our attention has been on the pandemic, we know the opioid threat is still real, and that there is a need for further funding for drug prevention, treatment, and recovery programs. NH has lost a lot of its healthcare and small business workforce. As a state, we need more employment recruitment, housing and childcare opportunities. Our mental health system needs our continued support. State travel and tourism has been strong as people continue to recreate outdoors and enjoy NH.

Between January to December 2021, the Executive Council has conducted 25 separate public hearings to include the following: 1 Supreme Court (Chief Justice); 4 Superior Court; 13 Circuit Court; Attorney General; 3 Public Utility Commissioner; Department of Energy Commissioner, Department of Banking Commissioner. The total contract items approved were approximately 2000 to include late items during 24 meetings of which one was canceled. Of the 271 confirmations of board and commissions, 58 were from District 1.

The Governor's Advisory Commission on Intermodal Transportation (GACIT) completed its work on The Ten-Year Transportation Improvement Draft Plan (The Ten Year Plan), working with the NHDOT and the Regional Planning Commissions while conducting 22 statewide public hearings. The Ten Year Plan now goes before the Governor for his review and then it will be presented to the Legislature for hearings and comments prior to the Governor's signature in June of 2022. GACIT took into consideration the passage of the Infrastructure Investment and Jobs Act (IIJA) by Congress to modify The Ten Year Plan. GACIT directed $242 million in additional new federal funds for bridges ($22 million total/$45 million per year) and electric vehicles charging ($17 million) as part of the IIJA. Fifteen percent ($6.75 million annually) of the bridge funds will be allocated to the municipal bridge program, and the remainder to existing bridge projects to free up funds that have greater spending flexibility. Contact William Watson at NHDOT for any additional details at 271-3344.

Economic Development is always a top priority for my District 1 office, and I shall continue to work with community and business leaders to assist in the creation of jobs and economic opportunity. Some of District 1 action this year has included: the sale of the Shelburne Rest Stop, the demolition of Westboro Yard in Lebanon, the brokerage contract to sell the Laconia State Property, the start of the Pathway Project in North Conway, securing the area liquor licenses in Pittsburg and Errol, funding for New Durham Fish Hatchery Study, and funding to improve the Ray Burton Fire and EMS Academy in Bethlehem. Additionally, we in state government have an additional $22.5 million going to our state park system to restore and improve capital infrastructure to include Mount Washington work.

The Governor and Council are always looking for volunteers to serve on the dozens of state boards and commissions. If you are interested, please send your resume to Governor Chris Sununu, State House, 107 North Main Street, Concord, NH 03301 attention Jonathan Melanson, Director of Appointments/Liaison or call at (603) 271-2121. A complete list of all state boards and commissions are available at the NH Secretary of State website: www.sos.nh.gov/redbook/index.htm

My office is open to receive state constitutions, tourist maps, consumer handbooks, etc. I periodically email my weekly schedule and Wrap Up Newsletter. If you would like to be included on this list, contact me at joseph.d.kenney@nh.gov. I also have an internship program for college students. My office number is 271-3632. Please stay in touch.

Serving you, Executive Councilor Joe Kenney, District 1

Entire Counties of Coos and Grafton, the incorporated place of Hale's Location, the towns of Albany, Alton, Andover, Bartlett, Brookfield, Center Harbor, Chatham, Conway, Cornish, Croydon, Danbury, Eaton, Effingham, Freedom, Gilford, Grantham, Hart's Location, Hill, Jackson, Madison, Meredith, Middleton, Milton, Moultonborough, New Durham, New Hampton, New London, Newport, Ossipee, Plainfield, Sanbornton, Sandwich, Springfield, Sunapee, Tamworth, Tilton, Tuftonboro, Wakefield, Wilmot, and Wolfeboro, and the cities of Claremont and Laconia.

The Executive Council of the State of New Hampshire

State House, 107 North Main Street, Concord, NH 03301

JANET L. STEVENS
EXECUTIVE COUNCIL
DISTRICT THREE

Annual Report from Executive Councilor Janet Stevens – January 2022

It is an honor to serve as the Executive Councilor for District Three and to represent 266,000 New Hampshire citizens residing in 32 towns and cities. Unique to our nation, the five-member Executive Council, has a myriad of responsibilities including approving receipts and expenditures of state funds over $10,000, vetting gubernatorial nominees to serve in state government, serving on the Governor's Advisory Commission on Intramodal Transportation, conducting hearings for judicial nominees, to overseeing federal relief funds allocated to New Hampshire, and confirming hundreds of volunteers to serve on the state's 300 plus State Boards and Commissions.

The Executive Council met for 24 scheduled meetings with the Governor to carry out the duties of confirming appointments and passing state contracts. This past year, the Executive Council reviewed and approved more than 2,100 contracts and passed several billion dollars of state contracts, covering memberships in professional organizations to approving nearly $1.2 billion dollars for New Hampshire's Medicaid Care Management program. More than 240 contracts, in excess of approximately $174 million dollars, were approved by the Council and awarded to local government, non-profits organizations, businesses in District Three. This amount reflects a portion of federal relief funds awarded to District Three.

Until the end of the State of Emergency, the disbursement of COVID-19 federal relief funds was authorized by the Governor and presented to the Executive Council as Informational Items. From the June 16, 2021, Executive Council meeting until the end of the year, the Council was charged with reviewing requests to accept and expend federal COVID-19 relief funds which included the Coronavirus Aid, Relief & Economic Security (CARES) Act, the Coronavirus Response & Relief Supplemental Appropriations Act (CRRSAA), the American Rescue Plan Act (ARPA) of 2021 State Fiscal Recovery Funds, Infrastructure Investment and Jobs Act (IIJA), Consolidated Appropriations Act, 2021, Federal Emergency Management Agency (FEMA) and other federal agency funds. The Executive Council approved 100% of new, multi-year federal COVID-19 relief funds presented for acceptance and expenditure in excess of approximately $1.1 billion dollars.

The first tranche of the American Rescue Plan Act of 2021 (ARPA) Local Fiscal Recovery Funds (LFRF) has been distributed to all District Three municipalities. The second and final tranche will be released mid-Summer of 2022 for a total disbursement of more than $39.2 million to the district, including more than $12.8 million to the City of Portsmouth, which received funds directly from the U.S. Treasury. In conjunction with the Governor's Office for Emergency Relief and Recovery (GOFERR), I reached out to leadership in all District Three communities to assist with applications and eligible uses for these funds, which range from public health expenditures to water infrastructure upgrades.

The Governor's Advisory Commission on Intermodal Transportation (GACIT) comprised of the five Executive Councilors and the Commissioner of the Department of Transportation, is charged with updating New Hampshire's Ten-Year Transportation Improvement Plan (TYP) every two years. To assess/collect public comments and feedback on the projects and themes of the draft TYP for 2023-2032, I hosted five hearings throughout the district and participated in separate GACIT Public Meetings. District Three has 63 separate road, bridge, active transportation and airport improvement projects in the TYP which are fully funded at $655 million dollars, which includes the approval of $418 million by the Executive Council on December 8, 2021. The TYP includes $121 million in debt service for the benefits of the I-93 expansion projects which brings the total project funding to $776 million.

The council also met on 12 separate occasions to conduct hearings for 24 gubernatorial nominees to serve as judges and justices within the Circuit, Superior and state Supreme Court, commissioners of state agencies, and the 32nd Attorney General for the State of New Hampshire. The Executive Council approved thirteen new judges to serve in the Circuit court system and three justices to serve in the Superior court. Filling these vacancies was essential to addressing the month-long backlogs in hearings and jury trials, exacerbated by the COVID -19 pandemic.

Please contact my office at any time I can be of assistance to you.

Sincerely,
Executive Councilor Janet Stevens

JANET L. STEVENS P.O. BOX 687 RYE, NH 03870
JANET.L.STEVENS@NH.GOV CONCORD OFFICE: 603.271.3632 CELL: 603.436.1645

Welcome to Randolph, whether you are a new resident or returning after a time away!

We want to make sure you have some of the information you need to get settled in and comfortable here right away.

Publications from the Randolph Foundation will give you a sense of the community and its happenings:

- Mountain View—mailed quarterly
- Blizzard—mailed monthly from September to June
- Weekly—distributed each Friday during July and August (you can pick it up from distribution boxes around town or at the library)

Current and past issues can be viewed at **randolphfoundationnh.org** on the publications tab. To add your name to the mailing list, email Linda Dupont at selectmen@randolph.nh.gov. Information about other events sponsored by the Foundation can be found on their website as well.

Annual events of note (open to the public, but may still subject to COVID restrictions)

- Town meeting, 2nd Tuesday in March at 5:30 pm
- GRS Cooperative School District Meeting in March, FMI visit www.sau20.org
- Fourth of July Tea – Randolph Mountain Club sponsors this July 4th afternoon event
- Randolph Church services – Sundays, July to Labor Day Weekend, 10:30 am
- Dance around the Pumps – outdoor dancing at Lowe's Garage in late July
- Firemen's Pancake Breakfast – 3rd Saturday in August
- Charades Picnic – a Randolph Mountain Club event 3rd Saturday in August (for over 100 years!)
- Mildred Horton Book Club – 4th Monday of the month
- Town Christmas Party – be sure to contact Santa's elves if you have children under 10 (elves can be reached through the Selectmen's office)
- Caroling Party – Caroling to neighbors followed by a potluck get-together
- Christmas Eve Carol Service – 4:00 pm Christmas Eve at the Randolph Church

Library hours are varied to provide convenient access for residents, currently M/W 1-5pm and Saturday 10-12pm. Free wi-fi for patrons with their own laptops, and computers for those without will connect you to the world-wide web. Check out the extensive selection of best sellers, audio CDs and movies on DVD. The library also sponsors a number of activities, such as movie nights, children's story times, and book discussions as pandemic restrictions allow. Call 466-5408 FMI or to check out books.

Lifeline is an emergency service provided to full-time and seasonal residents. See Randolph Foundation website for more information or to sign up.

Local Fire – Randolph's volunteer fire department receives back-up support from surrounding communities. Dial 911 for an emergency.

Local Police -- In an emergency dial 911 for assistance. Randolph receives support from Gorham and the State Police when necessary.

Recreation opportunities abound in Randolph, no matter the season. • The Ravine Pool site has swimming in the dammed pond during the summer (NOTE: NO lifeguard on duty, carry in carry out trash). • Durand Lake is a beautiful walk and you may see some wildlife. • The clay tennis court is maintained for summer play—if you are not familiar with clay courts, be sure to read the signs. • The Presidential Rail Trail is off-limits to motorized vehicles other than snow machines (when there is adequate snow cover), and is a perfect place for family bike rides or walks during the spring, summer and fall. • The Randolph Mountain Club maintains 100 miles of trails and organizes twice weekly hikes during the summer months. • Appalachia Trailhead is also nearby, and offers many miles of hiking trails, as well as access to the trails that lead to AMC Madison Spring Hut and the RMC Cabins and shelters on Mt. Adams. • Visit the new Community Forest Interpretive Trail at the very end of Randolph Hill Road. • Snowshoeing, skiing, canoeing, hiking, relaxing, swimming--you name it, you can probably do it here in Randolph!

Recycling is the first Saturday of the month. Place your separated items at the roadside by 7 am. You can find info about items collected and how to sort them at www.avrrdd.org.

Schools – The town of Randolph is part of the Gorham Randolph Shelburne Cooperative School District, with students attending the Ed Fenn Elementary for K-5, and Gorham Middle High School for 6-12. Call the Ed Fenn School 466-3334 or GMHS 466-2776 to register your child for school. For other questions, call the Superintendent's office at 466-3632 or visit www.sau20.org. Children's and youth sports and other programs are available through the Town of Gorham's recreation department. Visit www.Gorhamnh.org, choose Parks & Rec under "departments" tab.

Town Clerk and Selectmen's office hours – Life here in Randolph is a little more relaxed, and that lifestyle is reflected in our town office hours. The Town Clerk (for car registrations and titles, dog licenses, etc.) is open on Monday from 9-11 am, and Wednesday evenings from 7-9 pm. The Selectmen's office is staffed from 9 am to noon Monday through Friday. Phone for both is 466-5771. Website is randolph.nh.gov Call ahead to determine current protocol for visitors.

Trash day is Tuesday. Place your bagged trash in a container at the end of your driveway by 7 in the morning. DO NOT leave it out over night—you may attract bears, ravens, raccoons and other wild animals. Dump permits can be acquired through the selectmen's office.

Voter registration is done through the Town Clerk's office. See note above regarding hours.
