DISCUSSION ITEMS AND MOTIONS:

The board reviewed and signed a corrected septic permit for John Odom.

Two bids were submitted for the residing of the older portion of the Town Hall. After review the board choose to award the bid to Bowman Builders. The work will be scheduled to begin in the spring of 2020. Michele Cormier will look into companies to have that portion of the building insulated. Melissa Elander and Linda Dupont will begin the process of an energy audit to be performed on the building and look into available grants and/or rebates.

Auvern Kenison came before the board with a list of concerns of the roads in Randolph that should be maintained on an annual basis. He gave a number of suggestions that Michele Cormier wrote down to inspect and review with the Road Agent.

Mr. Kenison also noted his concerns regarding the placement of the monument on Randolph Town Forest property. He noted that the property had been in current use prior to it being donated to the town. Linda stated that when the property became the town's, its status changed to non-tax, if the town chooses to sell the property, it would return to current use and the portion on which the memorial, parking area and driveway would need to be omitted from current use status.

John Turner moved to adjourn at 8:15 PM.

Randolph Board of Selectmen
