DISCUSSION ITEMS AND MOTIONS:

The board reviewed the Durand Road Project and Paul Jadis agreed to take the lead on this project going forward.

Michele Cormier met with David Woodward of Avitar Associates to review the request of the Town of Gorham to adjust the current PLoT (Payment in Lieu of Taxes) agreement. At Gorham’s request to adjust assessment to 100% of Current Use Values, Michele and David worked the new calculations and found the new figures to be acceptable to the Town of Randolph.

Paul Jadis is looking into a new webmaster to takeover our existing web-site. He is looking into a company who could easily support our existing web page and provide training if needed. The main issue would be a secure server with the ability to troubleshoot e-mail issues.

The board reviewed the confusion of the town mowing overview. Seven mows rather than the eleven mows per year currently being performed. The Ravine House Pool area and Peeks Park area not included the overview being presented to bidders. Kevin Rousseau stated that most residents have been quite pleased with the condition of town properties with no complaints. He also agreed that more than seven mows are needed. The final decision on this is up to the board.

The board reviewed and approved:

The board reviewed request for donations from the town. Michaele Cormier moved to duplicate last years donations to Northwoods Home Health & Hospice, Tri-County Cap, and Northern Human Service. Paul Jadis seconded. All Agreed.

Michele Cormier moved to accept the recommendation of the Conservation commission to appoint Phil Guiser to the Conservation Commission. Paul Jadis seconded. All agreed.

Kevin Rousseau reviewed the Road Bans in place in Randolph. Residents need to communicate with all deliveries that over weight vehicles are not allowed on roads while the Road Bans are in place.

The meeting adjourned at 8:05 pm
